

**Dr. Ashis Das**

MD (Medicine), DM (Neurology, SGPGI)

Consultant Neurologist

Mob: 98302 24854

**Qualifications**

- Madhyamik West Bengal Board, 1985
- Higher Secondary West Bengal Council, 1987
  
- 1<sup>st</sup> MBBS - NRS MCH, Kolkata University, 1989
- 2<sup>nd</sup> MBBS - NRS MCH, Kolkata University, 1991
- 3<sup>rd</sup> MBBS - NRS MCH, Kolkata University, 1992
  
- Internship - 01-08-1992 to 31-07-1993 from NRS Medical college, Kolkata
- House-Job - 01-08-1993 to 31-05-1994 in General Medicine from NRS Medical College, Kolkata
  
- Post-Graduation - MD (General Medicine) – 05-05-1995 to 04-05-1998, GSVM Medical College, Kanpur
  
- Superspecialization - DM (Neurology)- 01-01-1999 to 31-12-2001, SGPGI , Lucknow

**Publications**

1. Syringomyelia and syringobulbia presenting only with paralysis of 9<sup>th</sup> and 10<sup>th</sup> cranial nerves – Acta Neurol Scand. 2002
2. Similarities and differences of MR findings between Japanese encephalitis and Wilson's disease – Eur. Radiol. 2002
3. Vitamin B12 deficiency neurological syndromes: A clinical, MRI and Electrodiagnostic study – Electromyogr Clinical Neurophysiology, 2003
4. Recurrent Gullain Barre' Syndrome – Electromyogr Clinical Neurophysiology, 2004

5. Analysis of hospital- based stroke registry in a Neurological Centre in Kolkata – Journal Indian Med. Assoc. 2005

### **Research Project** (completed during DM course)

1. Clinical and Neurophysiological profile of GB syndrome with special reference to recurrent GB syndrome.
2. Clinical, Neurophysiological and Radiological profile of Vitamin B12 deficiency myelopathy

### **Paper Presentations**

1. Central and Peripheral conduction in Vitamin B12 deficiency myelopathy  
- NEUROCON-2000, Madurai
2. Evaluation of Serum Ascites Albumin Gradient (SAAG) and ascitic fluid cholesterol in differential diagnosis of ascites - APICON – 1999 , Kolkata
3. Mortality and morbidity pattern of strokes in Kanpur in relation to diabetes mellitus and hypertension - NSI – 1997, Jaipur
4. Serum Magnesium in acute diarrhea - UPICON – 1997, Jhansi (Khajuraho)
5. Effect of Sodium Valproate in the treatment of Myoclonic epilepsy - UPICON - 1997, Jhansi (Khajuraho)

### **Areas of Interest**

- Epilepsy
- Cerebrovascular accidents (strokes)
- Neuromuscular disorders with special interest in GB syndrome
- Clinical Electrophysiology including NCV and EMG studies
